

Just Give Me a Reason Parody

Right from the start
I had murmurs
In my heart
And knew I had to fix them
My time on Earth was running short
And I needed surgery
And nobody's help to fix them

Now you have the heart that I need oh oh
But you won't give it to me oh oh
Tell me that you are the one
From above, above

I'll give you a reason
Just a little bits enough
Just a second I'm not broken just bent
And I can learn to live again

It's in the stars
It's been written in the scars on my heart
That I'm not broken just bent
And I can learn to live again

I'm sorry I don't understand
Where all this is coming from
I thought that you were fine (Oh I don't have everything)
Your thoughts are running wild again
My dear you should have everything
And it's all in your mind (yeah but this is happening)

It doesn't have to come from me oh oh
You still have time you need oh oh
I'm not the one that you believe
Is from above, above
Oh above, above

I'll give you a reason
Just a little bit's enough
Just a second I'm not broken just bent
And I can learn to live again

I won't give up
It's been written in the scars on my heart
I'm not broken just bent and I can learn to live again

Been sent wishes and love
You're not trying enough
Prayers sent up above
But it's not enough

You don't understand
You're being selfish
No nothing is as bad as it seems
Will you please?

I'll give you a reason
Just a little bit's enough
Just a second I'm not broken just bent
And I can learn to live again
It's in the stars
It's been written in the scars on my heart
That I'm not broken just bent
And I can learn to live again

It's in the stars
It's been written in the scars on your heart
That you're not broken just bent
And you can learn to live again
